

Vancols

School Photographers

Fantastic Photography
to shout about

www.vancols.com

We make it easy

Tried and Tested

We are 60 years young, with the same energy and enthusiasm we had on Day 1.

SIMS

Should you require it, Vancols can provide Auto Import (we can supply a CD & licence) or Digital Name Records (DNR). We regularly use SIMS, Phoenix, CMIS, G2 / RM Integris, School Pod, Bromcom, Scholar Pack, and Arbor amongst others. It's all about making it easy for you.

Parent Line

We assign you your own experienced Account Manager. Parents have their own dedicated Parent Line. You're in safe hands.

Easy Ordering Online or Offline

We have an Ordering Process that will suit your needs, allowing parents to order quickly and easily, whatever your ordering process.

Commission

We pay generous commissions and we pay on time. No small print or hidden surprises.

The Price Is Right

True value is Quality, Service and Price combined. We aim to offer the best of each.

Professional Photographers

Our training is second to none and our Photographers are the best in their field. Not camera operators, real Photographers.

High Tech

Our printing and editing is done using state of the art printing machinery and computers, on Kodak paper in our own lab. We use the best materials for your peace of mind and our pride. Our dedicated quality control team will not let 'second best' out of our doors.

No Hidden Extras

Life changes, dates change, we would never expect to charge for this, unlike some. We deliver excellence without the small print.

Panoramics

Unique ability to Photograph VERY large school groups, up to 1,800. Safely, timely, and with amazing results.

School Marketing

We are NOT just School portrait photographers. We can also support you and your goals with Web Design, Graphics, Visuals, Brochures, Prospectuses and School Filming. Your one stop shop.

Team Work

We work as a fantastic Team of dedicated, creative, hardworking individuals that together make Vancols synonymous in its field for Quality.

GDPR

Vancols fully support the objectives of the General Data Protection Directive (GDPR). Further information is available on request.

We have the experience

Vancols is a family business, with the ethics of my Mother still running through its veins, those old-fashioned values of Customer Service and Quality.

We have moved on technically, since 1957, but those values are a living breathing part of our Company today.

Our Team is made up of some of the most dedicated, talented, people there are in the industry. It still holds true, we are still a Family business.

In over 60 years we have seen many changes and we remain a Market leader, continually looking to be innovative in the products we offer and the processes we use.

We will never stand still and accept the status quo. As our Customer, you have developing needs and requirements. Always mindful of this, our Team continually looks to implement the latest technologies to make your role easier.

Janus van Helfteren
Managing Director

"We have valued the exemplary service of Vancols for over 30 years - super individual and family photographs, efficient turnaround and excellent whole school panoramic pictures."

Elizabeth Halley
Deputy Head
Thomas Mills High School
Framlingham, Suffolk

We make it future proof

Early in 2018 Vancols will be launching the fourth version of its online photo ordering portal, Get Photos.

Vancols have always been early adopters of technology, continuously looking to make ordering and delivery processes faster and easier for Schools and Parents.

Following this ethos, our new website has been designed to be a fast and seamless way for your parents to order their child's photographs across laptop, tablet, or mobile. Even allowing parents to order photos online at the school gate if required!

Creative Photography

**For School Visual Marketing
or for your Website**

We are renowned for the quality of our exciting and imaginative photography, ensuring we capture and communicate the ethos of the school. We always listen and ask questions to deliver the style that you need and want.

Visuals can communicate powerful statements with few or no words attached, they set the tone of the establishment at a deeper level than just text. A powerful tool in the marketing of academia as fun, enjoyable, and rewarding.

The adage of "a picture paints a thousand words" has never been truer. We can provide images on various materials to suit every environment. From Foamex displays for high footfall areas, to massive Banners in atriums. To Transfers for your windows, or high impact Perspex frames for an impressive visual presence.

Whatever your requirements, it's under one roof, from a name you can trust with years of experience.

School Brochures & Prospectuses

Schools need to communicate their Ethos and Goals to potential and existing Parents. Brochures and Prospectuses are a great way of doing this. However, schools often feel that they are priced out of quality print by the high volumes needed to make it cost effective.

No need to worry, Vancols can produce low volumes (as low as 50 brochures) of high quality brochures at amazing prices. This helps you manage your finances by just ordering what you need, as often as you wish.

We have our own dedicated creative department who will work with you to design the layout, all the way through to print. Should you require creative photography, we can help with that as well.

This brochure is a fine example of the quality of our printing, created using the latest technology and equipment, another example of Vancols continuously investing in the latest technology.

We're sure you'll agree; the finished product is stunning.

With over 25 years' experience, we're waiting to help, call us on 01206 271521 for an informal chat.

Panoramic Photography

A panoramic photograph of the whole school is the ultimate souvenir of schooldays, and makes for a great discussion piece hanging in your school.

We are one of the few companies able to provide our own staging, which enables us to photograph groups of 1,800 pupils easily and with minimum disruption. Contact us to discuss the details.

The small print...

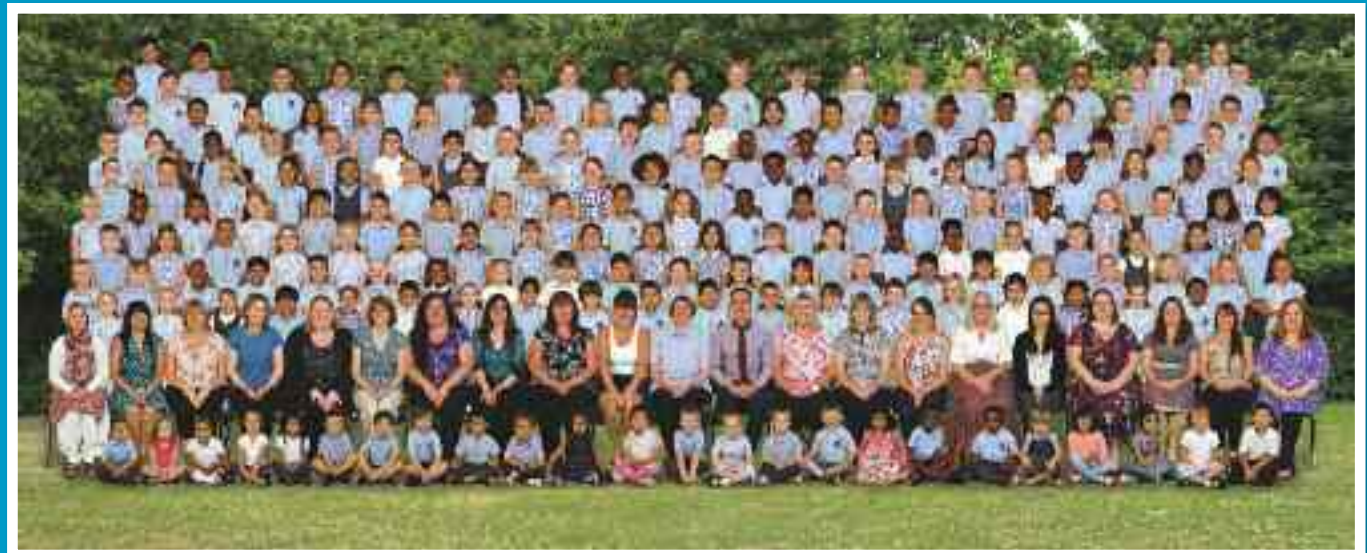

A full panoramic is only available to suitable schools and, in some cases, a pre-order arrangement may be necessary to help cover the high costs of providing this service. Please contact us to discuss details..

Pan-tastic

Also, via the magic of technology, we can even produce a whole school group just by photographing your pupils individually.

No need for staging or to worry about the weather - and everyone looks their best!

Air-Pic

We are pleased to introduce our truly epic "Airpic" product, Aerial Videography.

Vancols, synonymous with Quality, Service and Value, are pleased to confirm that we are one of the very few School Photographers in the UK to have met and passed the strict CAA accreditation process.

We can produce a minute-long aerial video of your school, which will elevate your presence within the Academic community and raise your marketing to a different level.

Especially powerful when used on your Website or School displays.
